

**Prilozi bibliografiji flore i vegetacije Hrvatske****Contributions to the bibliography of the Croatian flora and vegetation**

- Bertel, C., Rešetnik, I., Frajman, B., Erschbamer, B., Hülber, K., Schönschwetter, P. (2018): Natural selection drives parallel divergence in the mountain plant *Heliosperma pusillum* s.l. Oikos 00: 1-13.
- Bogdanović, S., Iveša, N., Temunović, M., Ljubičić, I. (2018): Plant Diversity of Gornji Kamenjak (Istria, Croatia). Agriculturae Conspectus Scientificus 83(3): 195-204.
- Bogdanović, S., Šegota, V., Alegro, A. (2018): Resurrection of a regionally extinct taxon in Croatia - the case of *Ammophila arenaria* (L.) Link (Poaceae). Acta Botanica Croatica 77(2): 215-218.
- Bureš, P., Šmerda, J., Michalkova, E., Šmarda, P., Knoll, A., Vavrinec, M. (2018): *Cirsium greimleri*: a new species of thistle endemic to the Eastern Alps and Dinarides. Preslia 90: 105-134.

- **Buzurović, U., Bogdanović, S., Brullo, S., Niketić, M., Tomović, G. (2018):** *Goniolimon africanum* (Plumbaginaceae), a new endemic species from North Africa. *Phytotaxa* 349(3): 287-297.
- **Dujmović Purgar, D., Žutić, I., Vrbetić, G., Kezele, H., Husnjak Malovec, K., Ljubičić, I. (2017):** The Medicinal and Poisonous Herbal Species of Plešivica Hills (NW Croatia). *Agriculturae Conspectus Scientificus* 82(4): 345-353.
- **Ferrer-Gallego, P.P. (2018):** Remarks on the epitypification of *Psoralea plumosa* (Leguminosae). *Phytotaxa* 360(1): 99-100.
- **Limić, I., Šegota, V., Alegro, A. (2018):** Vascular and bryophyte flora of the islet of Mrduja (Eastern Adriatic, Croatia). *Natura Croatica* 27(1): 27-39.
- **Ljubičić, I., Vugrinčić, F., Dujmović Purgar, D. (2018):** Samoniklo ljekovito, aromatično i medonosno bilje livada jugoistočnog dijela Samoborskog gorja. *Agronomski glasnik* 79(4): 177-190.
- **Pandža, M. (2017):** Alohtona flora naselja Jezera na otoku Murteru (Dalmacija, Hrvatska). *Agronomski glasnik* 79(3): 121-148.
- **Poljak, I., Idžojtić, M., Šapić, I., Korijan, P., Vukelić, J. (2018):** Diversity and structure of croatian continental and alpine-dinaric populations of grey alder (*Alnus incana* L./ Moench subsp. *incana*); Isolation by distance and environment explains phenotypic divergence. *Šumarski list* 142(1-2): 19-32.
- **Radović, A., Schindler, S., Rossiter, D., Nikolić, T. (2018):** Impact of biased sampling effort and spatial uncertainty of locations on models of plant invasion patterns in Croatia. *Biological Invasions*. <https://doi.org/10.1007/s10530-018-1793-1>
- **Šegota, V., Hršak, V., Vuković, N., Alegro, A., Besendorfer, V., Sedlar, Z., Bogdanović, S., Poljak, I. (2018):** Disentangling the kinship of *Serapias* × *todaroi* Tin. (Orchidaceae) along the eastern Adriatic using chromosome count and morphometry. *Flora (Jena)* 249: 9-15.
- **Temunović, M., Franjić, J., Vessella, F., Simeone, M. C. (2018):** Resolving the taxonomic status of the mysterious „Green Oak“ (*Quercus* × *viridis* Trinajstić) from Croatia based on phylogenetic analysis. *Šumarski list* 142(5-6): 259-268.
- **Terzi, M., Jasprica, N., Caković, D., di Pietro, R. (2018):** Revision of the central Mediterranean xerothermic cliff vegetation. *Applied Vegetation Science* 00: 1-19.
- **Tomljenović, N., Pejić, I. (2018):** Taxonomic Review of the Genus *Rosa*. *Agriculturae Conspectus Scientificus* 83(2): 139-147.
- **Trucchi, E., Frajman, B., Haverkamp, T.H.A., Schonswetter, P., Paun, O. (2017):** Genomic analyses suggest parallel ecological divergence in *Heliosperma pusillum* (Caryophyllaceae). *New Phytologist* 216: 267-278.
- **Vukelić, J., Baričević, D., Poljak, I., Vrčec, M., Šapić, I. (2018):** Fitocenološka analiza šuma bijele johe (*Alnus incana* L./ Moench supsp. *incana*) u Hrvatskoj: *Šumarski list* 142(3-4): 123-135.
- **Vuković, N., Šegota, V., Alegro, A., Sedlar, Z. (2018):** Rare plants of threatened habitats – the Croatian case of *Corrigiola litoralis* L. (Caryophyllaceae). *Acta Botanica Croatica* 77(1): 105-108.
